PROFESSIONAL SUMMARY

Adaptable **Web Developer** with expertise in **HTML, CSS, JavaScript, Express.js, Node.js, and MongoDB**. Proficient in **Git, Python, Bootstrap, and Agile Methodology**. **Strong problem-solving skills**, a solid understanding of **OOPS**, and experience in **creating innovative web applications**. Committed to continuous learning and effective collaboration.

SKILLS AND ACCOMPLISHMENTS

- **HTML**: Creating structured, accessible web content for optimal user experiences.
- **CSS**: Developing visually appealing, responsive, and browser-compatible layouts.
- **JavaScript**: Proficient in DOM manipulation, asynchronous operations, and React.js for dynamic web apps.
- **Express.js**: Building efficient and scalable web applications, creating RESTful APIs, and implementing middleware for server-side logic.
- **Node.js**: Proficiency in server-side JavaScript development, event-driven architecture, and building high-performance applications.
- **MongoDB**: Expertise in NoSQL database management, data modeling, querying, and optimizing database performance.
- **Agile Methodology**: Experience with Scrum, Jira, and Agile practices.
- **Version Control**: Proficient in Git for code management and collaboration.
- **Problem Solving**: Strong analytical skills for resolving complex technical challenges.
- **Communication**: Effective collaboration with teams, stakeholders, and clients.
- **Continuous Learning**: Keeping updated with emerging technologies and industry trends.

EXPERIENCE

Web Development Intern (Remote) | PHN Technologies Pvt Ltd. (04/2023 – 06/2023)

- Gathered detailed requirement, designed and developed User Interface for Web Applications.
- Writing clean, efficient and well documented code using languages such as HTML, CSS and Javascript.
- Performed manual testing (UI and API)
- I acquired practical skills, expanded my knowledge and witnessed how cutting-edge technologies are applied in real-world projects.

PERSONAL PROJECTS

Portfolio (08/2023 -)

- Developed a dynamic and responsive portfolio website from scratch using a tech stack comprising JavaScript, Node.js, Express.js, MongoDB, and RESTful API.
- Implemented both the front-end and back-end of the website, demonstrating proficiency in full-stack development.
- Designed and developed a RESTful API to handle data retrieval and storage efficiently.
- Leveraged MongoDB as the database system for storing and managing project data and user

information.

- Incorporated user authentication and authorization features, enhancing the security of the portfolio website.
- Enabled users to create accounts, log in securely, and access personalized content.
- Maintained codebase using Git and GitHub, allowing for collaboration and tracking of project versions.

EDUCATION

**Master of Computer Application (8.48 cgpa)
(2021-2023)**

Graduation Year

Dayananda Sagar University, Bengaluru, Karnataka

CERTIFICATION

- The Complete Web Developer Bootcamp – Udemy
- Pre-Placement Training – Dayananda Sagar University
